## **Appendix C - Funding Resources**

Appendix C focuses on governmental funding programs that support housing development. While this Appendix does not attempt to identify funding available from private organizations, the City is interested in supporting housing projects seeking funding through other channels. There are numerous active federal and state funding programs. Each program has administrative regulations that specify who may be eligible to apply for program funding. Some programs allow housing developers to apply directly, and only allow governmental agencies, i.e., a city or a housing authority, to apply for funding. Many of the programs stipulate only "shovel ready" projects are eligible. State and federal funding that may be used to off-set acquisition and pre-development costs are limited. Almost unilaterally programs are highly competitive and oversubscribed. Almost all programs for housing construction are income qualified and require enforceable covenants to assure affordability.

Some of <u>the</u> programs that are administered by the California Department of Housing and Community Development (HCD) are noted as being currently archived. An archived program means the program does not currently have funding allocated by the Legislature. Archived programs may have projects that <u>are</u> in asset management and compliance phases. Archived may become active if the Legislature allocates funding to the program.

The following funding programs may be able to assist the City in meeting its affordable housing goals:

| Federal Programs  | Federal Programs   |  |  |  |
| Community Development<br>Block Grant (CDBG) Program           | The Department of Housing and Urban Development<br>(HUD) awards Community Development Block Grants<br>annually to entitlement jurisdictions and states for general<br>activities, including housing, and economic development<br>activities. HUD also offers various other programs that can<br>be utilized by the City and nonprofit and for- profit<br>agencies for the preservation of low-income housing units<br>such as Section 202 and Section 108 loan guarantees.<br>The annual appropriation for CDBG is split between states<br>and local jurisdictions called "entitlement communities."                 | Acquisition Rehabilitation Homebuyer<br>Assistance<br>Economic Development Assistance<br>Homeless Assistance Public Services<br>Infrastructure Replacement   |  |  |
| HOME Investment<br>Partnerships Program                       | The Home Investment Partnerships Program (HOME) was<br>created under the Cranston Gonzalez National Affordable<br>Housing Act enacted in November 1990. HOME funds are<br>awarded annually as formula grants to participating<br>jurisdictions. HUD establishes Home Investment Trust<br>Funds for each grantee, providing a line of credit that the<br>jurisdiction may draw upon as needed. The program's<br>flexibility allows states and local governments to use<br>HOME funds for grants, direct loans, loan guarantees, or<br>other forms of credit enhancement or rental assistance or<br>security deposits. | Acquisition Rehabilitation Homebuyer<br>Assistance Rental Assistance   |  |  |
| Housing Choice Voucher (HCV)<br>Rental Assistance (Section 8) | Provides rental assistance payments to owners of market-<br>rate properties on behalf of very-low-income tenants.  | Rental Assistance. Public housing agencies<br>(PHA) administer HCVs. While the City<br>cannot directly administer HCVs, the City<br>can continue to work with local the PHAs,<br>e.g., Shasta County Housing Authority and<br>the Karuk Tribe Housing Authority, on the<br>HCV administration and support their<br>efforts. Further, the City can partner with |  |  |

| Section 811                               | Provides grants to nonprofit developers of supportive<br>housing for disabled persons. The grants may be used to<br>construct or rehabilitate group homes, independent living<br>facilities, and intermediate care facilities. The grants may<br>also have a rental assistance component.   | Acquisition Rehabilitation New Construction<br>Rental Assistance   |
| Section 203(k)                            | Provides fixed-rate, low-interest loans to organizations wishing to acquire and rehabilitate property.  | Land Acquisition Rehabilitation<br>Refinancing of Existing Debt  |
| Section 202                               | Grants to private nonprofit developers of supportive housing for very low-income seniors.   | New Construction   |
| Low Income Housing Tax<br>Credits (LIHTC) | In 1986, Congress created the federal Low Income Housing<br>Tax Credits to encourage private investment in the<br>acquisition, rehabilitation, and construction of low-income<br>rental housing. Because high housing costs in California<br>make it difficult, even with federal credits, to produce<br>affordable rental housing, the California legislature<br>created a state low-income housing tax credit program to<br>supplement the federal credit. The state credit is<br>essentially identical to the federal credit, the Tax Credit<br>Allocation Committee allocates both, and state credits are<br>only available to projects receiving federal credits. Twenty<br>percent of federal credits are reserved for rural areas and<br>10 percent for nonprofit sponsors. To compete for the<br>credit, rental housing developments have to reserve units<br>at affordable rents to households at or below 46 percent<br>of area median income. The targeted units must be<br>reserved for the target population for 55 years. | New Construction   |
| Mortgage Credit Certificate<br>Program    | Offers income tax credits to first-time homebuyers. The County distributes the credits.   | Homebuyer Assistance   |

| Community Reinvestment Act                                   | The Community Reinvestment Act (CRA), enacted by<br>Congress in 1977, is intended to encourage depository<br>institutions to help meet the credit needs of the<br>communities in which they operate, including low- and<br>moderate-income neighborhoods, consistent with safe<br>and sound banking operations. The CRA requires that each<br>insured depository institution's record in helping meet the<br>credit needs of its entire community be evaluated<br>periodically. That record is taken into account in<br>considering an institution's application for deposit<br>facilities, including mergers and acquisitions. | New Construction Rehabilitation Acquisition<br>Support Services Supportive Housing<br>Homebuyer Assistance  |
