

# Chapter 3 – Analysis of Previous Housing Element

Housing elements must report the progress and effectiveness of the previous housing element. Section 65588, subdivision (a), of the Government Code requires:

- Progress in implementation – A description of the actual results or outcomes of the previous element’s goals, objectives, policies, and programs (e.g., what happened).
- Effectiveness of the element – For each program, include an analysis comparing the differences between what was projected or planned in the element and what was achieved.
- Appropriateness of goals, objectives, policies, and programs –A description of how the goals, objectives, policies, and programs in the updated element are being changed or adjusted to incorporate what has been learned from the results of the previous element. (e.g., continued, modified, or deleted.)
- Special needs populations – Provide a description of how past programs were effective in addressing the housing needs of the special populations. This analysis can be done as part of describing the effectiveness of the program pursuant to [Government Code Section 65588, subparagraph \(a\)\(2\)](#) if the jurisdiction has multiple programs to specifically address housing needs of special needs populations or if specific programs were not included, provide a summary of the cumulative results of the programs in addressing the housing need terms of units or services by special need group.

## 2014-2019 Housing Element Programs

An important aspect of the Housing Element is an evaluation of achievements under the implementation programs included in the previously adopted Housing Element. The evaluation provides valuable information on the extent to which programs have been successful in achieving stated objectives and addressing local needs and to which these programs continue to be relevant in addressing current and future housing needs in Mt. Shasta. The evaluation also provides the basis for recommended modifications to programs and the establishment of new objectives in the Housing Element. While many of the City’s former programs were continued or modified in this update, some were removed due to being successfully implemented and others were added to respond to changes in state law and local conditions.

Many of the programs included in the prior Housing Element are being continued, although many program have been modified to comply with State law, to improve effectiveness for the current cycle, or to reduce redundancy. The table below provides a summary of each program, its progress, and status for the current update.

Implementation Program	Progress/Effectiveness	Applicability in the 2023-2031 Housing Element
<p><b>Program HO-1.2.1:</b> Every year, as part of the annual Housing Element review, the City shall review the vacant land inventory with the objective of ensuring the City can accommodate a variety of housing types. If a deficiency is found, the City shall take steps to change the General Plan and zoning as needed to increase the amount of available land. The City shall make the inventory available to the public, especially the development community, for their information and use.</p> <p><b>Timing:</b> At annual review</p> <p><b>Responsibility:</b> Planning Commission</p> <p><b>Funding:</b> General Fund</p>	<p><b>Progress:</b> The City continues to maintain a list of the available vacant land in the city that is appropriate to meet its share of regional housing needs. Additionally, the City is the early stages of exploring housing development options to redevelop a legacy industrial property, referred to as the Roseburg property, that is now City-owned. This is currently in progress and will assist in the production of affordable housing in the city.</p> <p><b>Effectiveness:</b> City staff reports on the Housing Element progress on an annual basis to the Planning Commission; this includes an update on the land inventory. The City receives development requests annually and receives input from interested individuals.</p>	<p>Continue and modify as per Program HO-1.2.1 and Program HO-1.2.2 that obligates the City to implement No Net Loss on a project by project basis. Program HE-1.2.2 calls on the City to annually review the vacant land inventory to ensure adequacy of sites suitable for a variety of residential development.</p>
<p><b>Program HO-1.3.1:</b> The City shall track and review changes in housing law to determine possible need for revisions in related General Plan policies and programs.</p> <p><b>Timing:</b> Every five years upon revision of the Housing Element. Next review to be conducted in 2019.</p> <p><b>Responsibility:</b> Planning Commission</p> <p><b>Funding:</b> General Fund</p>	<p><b>Progress:</b> In Spring 2022: The City initiated the 6<sup>th</sup> cycle housing update. Mt. Shasta adopted urgency ordinance CCR-21-01 on December 22, 2021, to facilitate implementation of SB 9 (2021).</p> <p><b>Effectiveness:</b> The City is incorporating recent changes in state housing law into the 6<sup>th</sup> cycle update. This will include <del>recommended</del> <u>the recommended</u> general plan and municipal code updates.</p>	<p>Program HO-1.3.1(4) commits the City to reporting on legislative updates to Government Codes Sections 65913.4 and 65915 that trigger the need for local amendments to the Mt. Shasta Municipal Code.</p>

<p><b>Program HO-1.4.1:</b> In order to increase public input and support of the City’s housing programs, the City shall encourage the participation of groups interested in housing in the annual Planning Commission review of the Housing Element. This will occur through public notice and normal contact and solicitation of participation with local agencies and interest groups.</p> <p><b>Timing:</b> At annual review</p> <p><b>Responsibility:</b> Planning Commission</p> <p><b>Funding:</b> General Fund</p>	<p><b>Progress:</b> City staff report on the Housing Element progress is made on an annual basis to the Planning Commission.</p> <p><b>Effectiveness:</b> City staff report on the Housing Element progress on an annual basis to the Planning Commission; this includes an update on the land inventory. The City gets very few development requests annually and has received limited input from local housing agencies or interest groups.</p>	<p>Continue and modify per Program HO-1.2.2 that calls on the City to annually review the vacant land inventory to ensure adequacy of sites suitable for a variety of residential development.</p>
<p><b>Program HO-1.5.1:</b> Subject to availability of funding, the City shall work with developers of housing located outside existing sewer and/or water service areas, or in areas where existing systems are at or near capacity, to develop or improve essential utility systems to facilitate housing development. City assistance may involve direct participation in improvements or cooperation in the formation of assessment districts or other means of financing necessary improvements.</p> <p><b>Timing:</b> As opportunities are recognized.</p> <p><b>Responsibility:</b> City Manager</p> <p><b>Funding:</b> To be determined.</p>	<p><b>Progress:</b> The City is continuing to explore opportunities to improve infrastructure to facilitate housing. The City issued an RFP to assist with annexing two areas into the City, which will evaluate infrastructure capacity and needs.</p> <p><b>Effectiveness:</b> The Roseburg property is outside the City’s existing service areas, and the City is currently exploring potential funding vehicles, e.g., enhanced infrastructure financing district (EIFD), to provide financial assistance with the infrastructure costs associated with developing this property.</p>	<p>Continue and modify per Program HO-1.4.1.</p>
<p><b>Program HO-1.5.2:</b> The City shall continue to develop and implement plans to expand domestic water and sewage collection and treatment systems such that planned development over the General Plan 20-year timeframe can be accommodated.</p>	<p><b>Progress:</b> The City’s wastewater infrastructure needs are determined through the City’s Master Sewer Plan, the Sewer System Capacity Evaluation, and the</p>	<p>Removed from the 2023-2031 Housing Element because the Program’s scope is broader and</p>

<p><b>Program HO-2.5.1:</b> The City shall review building and development requirements and standards, connection fees, and permit fees, and modify, as feasible, those standards and fees deemed to be unnecessary, excessive, or that create unusual constraints on affordability and housing availability.  <b>Timing:</b> Bi-annual review starting 2016.  <b>Responsibility:</b> Building Department, Planning Department, and City Manager  <b>Funding:</b> General Fund</p>	<p><b>Progress:</b> Ongoing; the City continues to monitor and evaluate impacts fees necessary to provide infrastructure and services.  <b>Effectiveness:</b> Due to limited application/permit activity there have been few opportunities to evaluate actual development fees.</p>	<p>Continue and modify per Program HO-2.3.3 that states the City will bi-annually monitor the development of new single family and multifamily housing to determine whether the City’s development impact fees create an unjustified constraint to affordable housing development.</p>
<p><b>Program HO-2.5.2:</b> The City shall modify the Zoning Code to ensure consistency with State law and internal consistency related to regulations for specific residential land uses, including manufactured homes, group homes, and emergency shelters. Modifications shall include but shall not be limited to:</p> <ol style="list-style-type: none"> <li>1. explicitly allowing group homes of six or fewer as a permitted use in all zones where single family units are permitted;</li> <li>2. Adding transitional housing and supportive housing as permitted uses in the R-L and R-1/B-1 zones;</li> </ol>	<p><b>Progress:</b> The Zoning Code amendments specified in Program HO-2.5.2 have not been completed.  <b>Effectiveness:</b> Due to limited resources and staffing changes, the City was unable to complete amendments to the Mt. Shasta Municipal Code.</p>	<p>Program HO-2.5.2 will be continued but modified into Mt. Shasta’s 2023-2031 Housing Element as Programs HO-4.2.1 through HO-4.2.5. The modifications are to ensure the amendments comply with State law. The 2023-2031 Housing Element commits the City to adopt amendments to the Mt. Shasta Municipal Code, Title 18, and</p>

<p>3. Permitting manufactured homes on permanent foundations in all zones where single family units are permitted; and</p> <p>4. Clarifying provisions related to the zones where emergency shelters are permitted by right and adopting a locational restriction of no more than 300 feet from other emergency shelters.</p> <p><b>Timing:</b> Review and update Zoning Code in 2016.</p> <p><b>Responsibility:</b> Planning Department</p> <p><b>Funding:</b> General Fund</p>		<p>other titles where applicable, within <del>in</del> one or two years of housing element adoption as specified in the Program.</p>
<p><b>Program HO-3.1.1:</b> The City shall encourage and support plans that include extremely low, very low, and low income housing in areas appropriate to the needs and desires of the population it would house, and at the same time be convenient to public services including bus service and public transit programs. The term “encourage and support”, as used herein, may include, but is not limited to:</p> <ul style="list-style-type: none"> <li>• Give priority to processing of affordable housing projects, taking them out of submittal sequence if necessary to receive an early hearing date;</li> <li>• Allow phasing of infrastructure whenever possible at time of project review;</li> <li>• Provide density bonus or other concessions to qualifying projects in accordance with Government Code 65915;</li> <li>• Facilitate the provision of public transportation services to serve residential areas, including services for people with handicaps and the installation of bus stops at safe and convenient locations; and</li> <li>• Any other action on the part of the City which will help to keep development costs to a minimum.</li> </ul> <p><b>Timing:</b> As residential project applications are considered.</p> <p><b>Responsibility:</b> Planning Commission</p>	<p><b>Progress:</b> The City supported a 12-unit housing development on Carmen Drive that included 3 affordable units. The City is also working with the developer of another 25-unit affordable housing development on Chestnut Street.</p> <p><b>Effectiveness:</b> This program appears effective.</p>	<p>Continue the program as per modified as Program HO-5.1.1. The bullet point regarding a City action on a density bonus or development incentive request for a qualifying project is not discretionary. Also the original subjective language of “... in areas appropriate to the needs and desires of the population it would house, and at the same time be convenient...” has been replaced with objective language indicating the zoning districts, i.e., R-2, R-3, C-1 and C-2 zones, and “when located within a distance a person can reasonably walk to services (e.g., quarter mile) or an existing or new transit stop is within a quarter mile of the development”.</p>

<p><b>Program HO-3.1.2:</b> The City shall encourage developers of large residential subdivisions (i.e., 50 or more units) to provide some affordable housing. At a minimum, this may entail encouraging developers to incorporate duplexes, triplexes, townhouses, or other affordable housing products or recommend the overlay of the Planned Development (P-D) zone district to provide development flexibility for clustering, mixed use, and condominium development.</p> <p><b>Timing:</b> As residential development proposals of 50 or more units are submitted.</p> <p><b>Responsibility:</b> Planning Department, Planning Commission, City Council</p> <p><b>Funding:</b> Private development</p>	<p><b>Progress:</b> The City did not receive any applications for residential projects with 50 or more units in the 5<sup>th</sup> cycle planning period.</p> <p><b>Effectiveness:</b> There have been no recent inquiries or residential projects containing 50 or more units.</p>	<p>Continue as modified per Program HO-5.1.2. The 50 unit threshold has been lowered to 8 units based on a review of Mt. Shasta’s 5<sup>th</sup> cycle permitting history. The 8 unit threshold is consistent with the Multi-Family Residential Standards of the 2010 Design Guidelines. The threshold is also consistent with the City’s current practice.</p>
<p><b>Program HO-3.4.1:</b> The City will assist private and non-profit organizations in the development of extremely low-, very low-, low- and moderate-income housing where such development does not conflict with other policies and provisions of the General Plan and City ordinances. Assistance will include: maintenance of relationships with funding and facilitating agencies and organizations; site identification; and local, state, federal permit assistance.</p> <p><b>Timing:</b> Annual progress review; annual meeting with local housing advocates regarding coordination and assistance; and upon application submittal.</p> <p><b>Responsibility:</b> City Manager</p> <p><b>Funding:</b> General Fund</p>	<p><b>Progress:</b> The City supported a 12-unit housing development on Carmen Drive that included 3 affordable units. The City is also working with the developer of another 25-unit affordable housing development on Chestnut Street, <a href="#">the Mountain Townhomes housing project</a>.</p> <p><b>Effectiveness:</b> This program appears effective.</p>	<p>This program was modified and incorporated into Program HO-5.1.1.</p>
